Mayor Compton and Councilors;

As warm weather and Woman's Club activity approaches, I'm hoping you can take a small step to help those of us parking on Miller Drive.

People attending Woman's Club events tend to park in empty spaces on Miller Drive. That impulse is reasonable because they don't know the spaces are normally used by Town residents. They either have not been asked not to park there or they've forgotten the request. The problem is, we have no surplus parking space on Miller Drive. As a result, often residents return (with stuff to unload) to find spaces taken, and need to park on the street and park again after the event ends.

I know the Woman's Club was considering posting signs to ask people not to park on Miller Drive. Liz Robertson, as president, and others supported the idea.

The request is reasonable, I think. After all, the Town has long had signs barring parking close to McCathran Hall during Hall events.

Would you please expedite this?

Thanks in advance for your help.
