

# Town of Washington Grove

Washington Grove, Maryland 20880

## MINUTES FOR THE SPECIAL HEARING OF THE BOARD OF APPEALS CASE #1 -- BETTY BRADLEY'S SHED July 9, 1975

The meeting was called to order by Carolyn Luxford, Chairperson. Background information regarding the application was reviewed.

Testimony was as follows:

Barbara Hawk encouraged the Board to grant the variance--she felt it was a valid request.

Peg MacGregor indicated she felt the shed would be far enough from the fence not to cause a problem. The installation met with her approval.

Mr. Hargrove felt it would not be a detriment to the surrounding homes. He had no qualms regarding it. He felt it conformed to what already existed in the area.

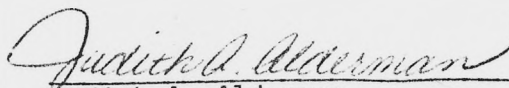

Betty Bradley gave some of the logistics including size and location and why it needed to be placed at that particular location.

More discussion was held.

Ann Briggs from the Planning Commission explained the prior decision of that group; however, said they were in sympathy with Ms. Bradley.

Carolyn Luxford, Chairperson, then asked for additional comments or testimony. There was none. No objections had been raised to the building. She stated then the Board would discuss further privately and render a decision within the next couple weeks.

The meeting was adjourned.

  
Judith A. Alderman  
Acting Secretary
