RE: Ridge Road speed-bump sign

I am writing to request replacements for the two 15-mph speed-bump signs on the third bump on Ridge Road, the one furthest from Brown Street. This bump, unlike the first two, is high enough to require drivers to slow down to 5 miles per hour. I have had visitors who have honored the town's speed limit complain that the current warning is insufficient to spare their cars' suspension.

The town already has 5-mph speed-bump signs on a Grove Road bump. May Ridge Road please have them as well?

Attached are a photo of the bump in question on Ridge and a photo of the 5-mph sign on Grove.

Respectfully,
Mimi
