ORDINANCE  
AMENDING THE WASHINGTON GROVE ZONING ORDINANCE  
TO EXPAND HOUSING OPPORTUNITIES AND UPDATE VEHICLE  
PARKING REQUIREMENTS

**PART 1.** Background:

- A. With regard to the Town’s residential zones, the 2022 Comprehensive Plan, Section 1.1, states: *The Plan provides policy strategies and recommendations for updates to permitted land uses and administration for the residential zones to support rentals, accessory dwelling units, and infill development. These updates are to be linked with specified amendments to the Zoning Ordinance with regard to the degree of non-compliance and requirements for vehicle parking on private property in order to protect residential areas of the Town.*
- B. With regard to housing opportunities, the 2022 Comprehensive Plan, Section 12.4, includes: *The best options for providing more moderately priced housing in the current residential portion of the Town are room rentals and addition of accessory dwelling units. Both could provide opportunities for increased residential diversity. To help ensure retention of the character of the residential zones, it is recommended that accessory room rentals be limited to a maximum of two bedrooms. If ADUs are integrated into the main structure of the property it would reduce impervious surfaces and avoid new foundations. This approach would tend to preserve the existing urban forest within the town. Alternatively, a separate structure has the advantage of replicating the modest size of the original 14’ x 28’ module that ties many of the historic houses together. Modest scale would be ensured by the current accessory building requirements including lot coverage. As with room rentals it is recommended that ADUs be limited to a maximum of two bedrooms to ensure retention of the residential character of the current zones. Both room rentals and ADUs could increase affordable housing options to accommodate extended families and a broader range of households. As with rental expansion, compliance with parking requirements would be critical.*
- C. With regard to vehicle parking requirements, the 2022 Comprehensive Plan, Section 12.6, includes: *It is recommended that compliance with vehicle parking requirements be linked to housing issues. Specifically, previous considerations of the “degree of non-compliance” did not include consideration of non-compliance with regard to parking. It is recommended that evaluations of “degree of non-compliance” include the number of off-street spaces as*

*specified in the Zoning Ordinance (Section 6.2224) except for the reconstruction of non-complying buildings to the extent that there is insufficient space to meet these parking requirements. The Zoning Ordinance (Section 6.2224) currently specifies a minimum of two spaces for each dwelling unit. For accessory residential room rentals and accessory dwelling units it is recommended that the minimum number of spaces be increased by one space for each bedroom rented or added. This must be coordinated with the limit of four vehicles maximum per dwelling. This restriction, currently in (the Zoning Ordinance) Article 7.2 (e), should be made more explicit and changed to a maximum of four vehicles per lot or contiguous lots under the same ownership.*

D. The Planning Commission accepted the application for a text amendment to the Washington Grove Zoning Ordinance on Xxxxxx xx, 2023. The application for zoning text amendment was filed and accepted pursuant to Section 13. The proposed zoning text amendment involves modifying the location for trash receptacles in the Commercial Zone.

**PART 2.** The Town Council adopts the following opinion:

A public hearing regarding the proposed zoning text amendment was held on Xxxxxx xx, 2023. At this hearing concerned residents testified. After consideration of the public record, the Town Council concludes that expanding housing opportunities, while updating vehicle parking requirements to protect residential areas, is consistent with the 2022 Comprehensive Plan and the general purposes specified in the Washington Grove Zoning Ordinance.

**PART 3.** The Town Council enacts the following amendments to the text of the Washington Grove Zoning Ordinance as specified on the attached pages. Underlining indicates matter added to existing law, and ~~striketrough~~ indicates matter deleted from law.

**PART 4. EFFECTIVE DATE:** This Ordinance shall become effective thirty (30) days from the date of enactment hereof in the absence of a petition by qualified voters as set forth in Section 15 of the Charter of the Town.
