Actions at the January 2024 Town Council Meeting

- Elected to help pay for the removal of the eyesore dumpster in the parking lot of the Commercial Corner. (...and it is now gone!)
- Encouraged a resident proposal, led by Bruce Daggy, to form an advisory group and work with Montgomery County Parks and the Town Council on improving management of the Meadow.

Mayor's Kudos

- 🌈 To Town-spirited residents Renee Moloznik and her elves for the marvelous decoration of McCathran Hall during the holidays.
 - 🌈 To Terry Cox and Bruce Rothrock (McCathran Hall wreath) and two nameless "Grove Fairies" for the tree and decorating at the Gazebo.
-

- 🌐 To Steve Werts for stopping a flood in the furnace room over the weekend. We called and he answered without hesitation [and webmaster's note: Steve also stopped a flood in the webmaster's basement in 2023, coming with just a moment's notice].

Looking for a Historic Preservation Commission Member

The Mayor and Historic Preservation Commission extend their greatest appreciation to Jeff McCrehan for his recent service as Commissioner. We are now looking for a resident to replace Jeff on the HPC. If you have an interest in historic preservation in Washington Grove or would like to become more knowledgeable and are ready to get more involved and help your Town, please contact the Mayor, the Town Office or one of the current HPC members.

Annual Town Elections and Town Meeting News

Annual Town elections and the Town Meeting will take place Saturday, May 11. Nominations close April 8 for:

- Two Town Councilors to serve three year-terms.
- Mayor to serve a one year-term.

As usual, the past year has demonstrated that important issues always arise. Please consider whether you can contribute your knowledge, judgment and time to our tradition of a volunteer Town government.

Details regarding eligibility and the nomination process can be found on our meticulously maintained Town website, or by contacting the Board of Supervisors of Elections, Nick Suzich, at nicholassuzich@gmail.com.

Wells and Pumps

Although the site selected by the Washington Grove Camp Meeting Association possessed natural springs that were said to sparkle with "life-invigorating properties," one of the first improvements to the landscape was to dig several wells and install pumps to draw the water (*"Washington Grove, A Delightful Resort – the Grounds and Cottages – Opening of the Camp," Washington Post, August 5, 1883*). The wells provided an accessible source of water for drinking and other daily needs. A newspaper account reported, "The pumps have been repaired and one or two new

wells dug, guaranteeing plenty of the best water ever drawn from the ground.” (*“The Camp Meeting Season,” Evening Star, August 11, 1881*). The 1886 Lang plan identified the location of at least seven wells within or near the Tent Department. As residential development expanded to other parts of the Grove, additional wells were added.

By the late nineteenth century, the list included the Allen (also known as Broadway) well, the Jackson Park well, the depot well, the Hotel Park well, the well in the superintendent’s yard, the Dorsey well, the Wide well, the Platt well, the Benson well, and the Sixth Avenue well. In 1897, a water tank on a raised stand was erected in the hotel yard. Water from the hotel well was pumped into the tank and routed to a boiler in the kitchen, providing guests with hot water.

In the off-season, the pumps were removed from the wells and well covers were put in place. Washington Grove’s wells were frequently inspected, and the water tested to ensure a clean supply. Over time, repairs were required, such as relining the wells with terra cotta pipe, partially filling the wells to prevent excess standing water, or redrilling. The Washington Suburban Sanitary Commission brought a modern water and sewer system to Washington Grove in 1927, although many residents were slow to install indoor plumbing and connections. By 1938, however, all the wells were filled, and most of the pumps were pulled.

Today, there is still evidence of Washington Grove’s well water system, which supplied water to residents for over fifty years. Examples include the well pumps in the yard of 127 Maple Avenue and under the carport of the house at 201 Grove Avenue. Near the back of the house at 117 Grove Avenue stands a frame well house with a hipped roof, exposed rafters, and wood siding. There is also a well house located at 12 the Circle, at the eastern end of the lot, near the Circle.

Building Permit Submission Deadline

The deadline to submit a building permit application for approval by the Planning Commission and review by the Historic Preservation Commission is **the 2nd Wednesday of the month** prior to the PC meeting at which the permit will be reviewed (this will be in the following month). This timing ensures the HPC will be able to complete a formal review before the PC meeting as this review is required for the PC to approve the permit in a timely fashion. If you are considering any

renovation or building project at your house, be sure to get a copy of the procedures to apply for a Town Building Permit which will help you through the Town's process.

The Gateway Committee hosts a road cleanup near the end of each month to pick up trash along Railroad Street and Washington Grove Lane. We also have adopted both roads.

On January 28th we hosted a cleanup which resulted in our largest haul ever by weight. We removed 87 pounds of trash from the roads and diverted it from our waterways! The group is always looking for volunteers and hope to see you at the next cleanup event at the end of the month. Stay tuned for the next date on the listserv.

The Committee meets the 2nd Thursday of the month. Our next meeting will be February 8th, where we will discuss ongoing projects and ideas to make our boundaries more reflective of our unique Grove aesthetic.

The Lighting Committee is working with other Maryland municipalities to allow the option of municipal streetlight ownership. Our streetlights are currently owned by Pepco. If the Town owned its streetlights, we would not be in repeated danger of Pepco trying to pass a tariff that would allow them to replace all our streetlights with some ugly options and then charge us a lot for them in perpetuity. If we owned our own streetlights, it would allow us to maintain the savings that we have gotten from two conversions of our streetlights from an annual cost of approximately \$20,000 to \$5,000. It will give us the opportunity to control the aesthetics and functionality of our streetlights and walkways. Additionally, if we owned our lights, we would be eligible for grants like [those from the Maryland Energy Administration's Streetlight and Outdoor Lighting Efficiency \(SOLE\) FY 2024 grant program](#).

We are close to a deal that will make municipal streetlight ownership in Maryland a cost-effective reality!

Sustainability Investments at 404 Brown Street

Oscar Ramos and Sara Parent-Ramos moved from California into 404 Brown Street in 2020 and soon took on a number of investments to make their new home more energy efficient.

The first step was to have a professional energy audit done to find out what changes would have the best payoff.

The audit indicated that insulating the basement rim joist and adding insulation to the attic had the best payback. Oscar and Sara invested in the insulation, followed by other sustainability improvements, including 20 solar panels on the roof (two on the front of the house and 18 on the back); a two-stage heat pump to take the load off the oil furnace; and new energy efficient washer and dryer. The oil furnace is now a back-up system instead of the primary heat source and is not in use much. What the heat pump doesn't supply, the home's wood stove usually does.

Oscar compared this year's November-December month's electric usage vs. that period a year ago and found that their bill is down as much as 30%. This is during the period of the year where the solar panels receive the least amount of sun exposure. During the summer, the panels generated 100% of the house's electrical use. Oscar and Sara are highly satisfied with their decision to go solar, and they are looking forward to the 30% federal tax credit on the purchase cost of the panels. Everyone loves a lower electric bill!

If you would like to get underway with changes like these, check out these two resources that can help you get started:

2. "Steps to Help You Get Started in Lowering Your Home Energy Consumption and Costs" in the [December 2023 Town Bulletin](#) under "Sustainability Committee News".

Updated Electric Vehicle (EV) Tax Credits in 2024

Federal tax credits for new EVs have changed for purchases made in 2024.

Now buyers can choose to transfer their new or used EV or plug-in hybrid vehicle tax credit to a registered car dealer in exchange for an equivalent reduction in the purchase price of the vehicle. This is a true advantage for consumers. The dealer must submit a time-of-sale report to the IRS with buyer and vehicle information. Be sure to get a copy of that report when you make the purchase. See the one-page [IRS publication 5900](#) for more information.

New requirements of manufacturers mean fewer vehicles being purchased in 2024 qualify for the tax credits. Below is the current list, but more models may qualify eventually, so please refer to [this FuelEconomy.gov page](https://www.fueleconomy.gov) for updates.

To qualify for a tax credit on a new vehicle, the buyer’s adjusted gross income may not exceed:

- Married filing jointly or surviving spouse: \$300,000
- Head of household: \$225,000
- All other taxpayers: \$150,000

With fewer new models qualifying for tax credits in 2024, buying a used vehicle might be a smart choice. Federal tax credits for 106 pre-owned models are listed at [this FuelEconomy.gov page](https://www.fueleconomy.gov).

Tax Credits for New EVs

The following vehicles are eligible for tax credits under the Inflation Reduction Act based on the latest guidance from the Treasury Department. The credits are for new vehicles placed in service during 2024.

PAUL HORN / Inside Climate News

To qualify for a tax credit, the used EV must be purchased on or after January 1, 2023. The credit can equal 30% of the sale price up to a maximum of \$4000. The vehicle must be purchased from a dealer, have a sale price of \$25,000 or less, and have a model year at least two years prior to the current calendar year. The buyer’s adjusted gross income may not exceed:

- Married filing jointly or surviving spouse: \$150,000
- Head of household: \$112,500
- All other taxpayers: \$75,000

Maryland offers an excise tax credit up to \$3000 for an EV or fuel-cell vehicle whose maximum cost is \$50,000. For more information, see [the MD DOT Titling - Excise Tax Credit for Plug-in Electric Vehicles page](#).

With the Federal \$7500 tax credit, Maryland state tax credit \$3000, and [Washington Grove's \\$1500 incentive pilot program](#), you could save as much as \$12,000 on your EV.

In addition to EV tax credits, there is a federal tax credit of 30% of the cost, up to a maximum of \$1000, for charging equipment installed at your home. File [form 8911](#) with your taxes. Currently, Maryland's rebate program funds for charging equipment may be exhausted; [watch this site for news](#).

The Woods Committee will be discussing several projects for the coming year:

- Continue trail maintenance and signage to increase residents' and neighbors' enjoyment of the Forest Preserves and to protect newly sprouting trees and understory;
- Develop digital maps of trails in the East and West Woods;
- Improve stormwater drainage in the residential part of Town which drains into the West Woods;
- Continue reforestation projects;
- Finalize the Woods Committee budget for Fiscal Year 2024/25;
- Other projects which may arise from discussion.

If you are interested in working on any of these projects, please contact either Joan Mahaffey or Patty Klein (Woods Committee co-chairs) or join us at our February 5 meeting. New Woods Committee members and new ideas are always welcome.

Our volunteer Bow Hunter Fire Fighters of Maryland (BHFFMD) harvested nine deer during this archery season which began in September 2023 and ended on January 31, 2024. Please contact Joan Mahaffey or Pat Klein if you have any questions.

We hope you had an opportunity to enjoy the seasonal beauty of our pristine, snow laden East and West Woods during January.

The Wrong Man

For winter-dark February, we've chosen a tense *film noir*. Guillermo del Toro wrote that this movie shows us "a man falling from grace by a whim of the cosmos." This is Hitchcock's version of the Book of Job – ***The Wrong Man***.

Sunday, February 25, at 7:00 pm in McCathran Hall

Directed by Alfred Hitchcock, 1956, US, English, shown with English subtitles, black and white, 105 minutes. Manny (Henry Fonda), a musician, is falsely accused of a crime, with devastating consequences for him and for his wife (Vera Miles). A rare Hitchcock film based on true events; *The Wrong Man* has been called an overlooked masterpiece.

Tickets at the door cost \$7.

Upcoming Plans and Events

February's Chili Dinner

Everyone is invited to attend the Grove's 2024 Annual Chili Supper at the Town Hall on Saturday, February 17, from 6-8 pm. This year, look for cozy fire pits just outside the hall, flights of yummy chili, and warm, friendly neighbors!

Dig out your favorite recipes for chili, cornbread, coleslaw, dessert, and more, then [sign up online](#). At the link, you can also sign up to volunteer at the event, which is sponsored by the Woman's Club.

Mah Jong

Have you ever thought what fun it would be to play mah jong? Well, when the Clubhouse opens in the spring, we're going to organize some mah jong evenings. We're hoping to have a mixture of experienced players and newbies. If you are interested, and want to order a card in advance, contact Wendy Weisbard (wwg26@hotmail.com) for more information. Hope to see you in the spring!

Don't Forget that Woman's Club Dues are Due!

If you haven't paid your annual dues of \$20 you can:

- pay them at the Chili Supper, or
- send your check, made out to WCWG, to Cynthia Werts at PO Box 232, or
- drop a check off at Cynthia's house at 410 Oak Street.

Don't forget that if you'd like an easy way to support our outreach programs, consider "rounding up" by including an additional amount to your dues, which will go towards those programs.

If you don't belong to the Club, but would like to, feel free to drop off your check with a note that you'd like to join, your name and your email address. Despite the name, men are welcomed to join, and about 30 percent of our members are male!

Our Outreach Programs and Partnerships

Socks, Socks and Socks Are Needed!

If you ask a homeless person if they would rather have food or socks, they will almost always say socks, because they can usually find food somewhere, but winter with no socks is brutal. We are once again collecting new, white socks for the local men's shelter. We are partnering with Shaare Torah Congregation, with a goal of collecting at least 200 pairs of men's socks for the shelter. Stepping Stones Shelter is also in desperate need of any socks, so we're trying to collect donations for them as well. They need any sizes for men, women and children, starting with newborns.

Priscilla's House

We are again looking for volunteers to provide meals on the first Wednesday of every month for Priscilla's. This was one of our most popular programs for both the Club and the Town to reach out to our nearby neighbors. We will soon be sending out information for signing up.

Partnering with Emory Grove United Methodist Church

We are continuing our outreach partnership with Emory Grove Methodist Church to collect clothing to give away during the 3rd weekend of each month. You can drop off your donations at the clubhouse porch or on Wendy's porch at 119 Grove Avenue. The church will pick up the

clothes and distribute them. As Emory Grove has limited storage space, please focus your donations on clothes for the current season.

Our Archways Families

Our shelves are getting a bit bare, so please consider donating shelf-stable foods, snacks for the kids and non-Snap items such as toilet paper, paper towels, cleaning supplies and Pedialyte. They do not all get the same items each month because their needs are different so you can, but do not have to, donate multiples of the same items. Any amount of something is appreciated.

If You're Not Sure What to Donate... Or You Don't Have Time to Shop

Donations are always appreciated – just make a note on the check if you want it to go to a particular Outreach program – or leave it blank and we'll use the money wherever it's needed most.

Where to Drop Off Your Donations

Please drop off your donations either in the box on the Clubhouse porch or on Wendy Weisbard's porch at 119 Grove Road. Monetary donation checks should be made-out-to the Woman's Club (WCWG) with a notation in the Memo if you want the money to go towards a specific project. Checks can be dropped off with Cynthia Werts at 410 Oak Street or mailed to Cynthia at PO Box 354.

Our Outreach Programs can only happen with the continued support of our Little Town with the Big Hearts.
