Subject: In support of Tom Land's letter -

Dear Mayor Compton and members of the Town Council:

I write in support of Tom Land's letter dated April 21, 2024, listed on the Town's website as correspondence 2024-55. I fully support Tom's request to the Mayor and Town Council to protect the interests of Washington Grove taxpayers by limiting the role of non-residents on Town committees, and by limiting the voting rights of non-town resident in town committees.

Thank you for your consideration.

Respectfully,

Marisel Schank
